SWOOPER FLAG AND POLE KITS

Swooper Flag and Pole Kits

15 Feet Tall with Pole

Flag Only Dimensions

2' 5 1/2" wide x 11' 5 3/4" tall

Each single sided flag is made of polyester

Each kit includes one flag of your choice,

a 4-piece anodized aluminum flag pole

and a galvanized steel base designed to

be used under the tire of any vehicle or an

anodized aluminum ground spike.

Completely portable - the kick-under-the

tire base allows your flag to be moved

anywhere on your lot in minutes

SF-	Flag Only	\$49.95
SFGS-	Ground Spike Pole & Flag Kit	\$129.95

Leather Perfect

Leather Perfect is a rich, creamy lotion for treating automotive leather. It is made with the finest natural ingredients including moisturizing lanolin. Leather Perfect will maintain and restore the smooth, supple feel of brand new leather. Leather Perfect contains UV protection to help guard against damaging sunlight.

Directions:

Shake well before using. Apply, wipe off, buff lightly. If required to loosen imbedded dirt, use a soft brush.

Note: Not all dyes are colourfast. Always test for colour fastness by applying to a small inconspicuous area. Do not use on suede, absorbent leather (turns dark when wet), or fabric.

6221	1/2 Gal	\$25.95
6221P	1 Pint	\$16.95

Sap Remover

Ardex SAP is the fast, clean way to remove tree sap from automotive finishes. Just pour SAP onto a rag and wipe off the tree sap from painted surfaces, glass and trim. Follow with a dry towel. The wash or polish car in a normal way.

6232 1 Quart \$11.95

Glass Cleaner

The convenience of aerosol. Fortified with ammonia cuts through haze
GA 22.5 Oz Aerosol \$5.95

5210 52105

Interior Shampoo

Interior Shampoo is a general purpose shampoo for vinyl and fabric automobile interiors and carpets. This is a very high concentrate and must be diluted with water. Interior Shampoo can be diluted up to 20 to 1 with water. Average dilution should be 4 to 8 parts warm water to 1 part Interior Shampoo. This product creates lots of foam. Use this foam to work dryer, especially on velour. Interior Shampoo is pleasantly perfumed, helps to prevent mildew and is biodegradable. Interior Shampoo is an alkaline cleaner and will stain glass and aluminum trim. As with all alkaline cleaners, use with care and wear rubber gloves and eye protection.

5210	1gal	\$18.95
52105	5gal	\$85.95

5213 52135 5213Q

Car Wash

Ardex Car Wash is the extra concentrated one. More active foaming agents than the aerate powdered product. Twice as active as some liquids. Ardex Car Wash cleans gently, won't strip the wax shine, won't spot glass or trim, and leaves the car looking bright and clean. Use by hand or automatic application. Dilute as follows; one to two ounces per gallon of water. Ardex Car Wash is completely biodegradable. Always wear rubber gloves and eye protection to prevent drying of skin and possible eye irritation from splashing.

5213Q	1qt	\$13.95

OK Green

Description:

It's O.K Green is a professional strength all purpose cleaner based on d-Limonene., the safe, citrus solvent. It's O.K Green contains no phosphates, caustic, acid, butyl, or any petroleum solvents. It's O.K Green is a safe, modern formulation that is powerful, yet safe on the environment and always leaves a pleasant orange scent. Always test for colour fastness.

Always wear gloves and eye protection to prevent drying of skin and possible eye irritation from splashing.

Key Features:

Professional strength
Multi-purpose/multi-use
100% biodegradable

Directions:

It's O.K Green should not be used straight. Always dilute with water. Dilute one part It's O.K Green to 10 parts water. Use for automotive interiors, tires, motors, truck bodies, industrial equipment, marine and aircraft cleaning applications. Also, for all janitorial applications such as floors, kitchens, and bathrooms etc.

52045	5gal	\$99.95

5233 52335

Repo Wash

Repo Wash is a foamy wash and wax concentrate for car washing. Rich suds wash away the dirt. Then the water stripping action occurs. The water will just peel off from all vehicles. Repo Wash leaves behind a glossy, protective film which prevents corrosion and lasts for weeks. Can be used in automatic car washing equipment. Product is biodegradable.

Key Features:

Makes water sheet off
Speeds drying time
Leaves a protecting film
Makes future lot washing easier.

Directions:

Dilute Repo Wash with 60 parts water (or use approximately 1 cup per half a 5 gallon bucket) and wash the vehicle in the usual manner.

Stereo Glaze 1 Polish

Stereo-Glaze #1 is a long lasting economy one-step polish and wax combination. Stereo-Glaze #1 removes light oxidation and polishes the finish two different ways. First, Stereo-Glaze #1 uses an effective but gentle diatomaceous earth to remove the worst oxidation. Second, Stereo-Glaze #1 uses chemical action to clean the surface completely to prepare the paint polymer and wax ingredients. Stereo-Glaze #1 is recommended for hand rubbing of lacquer on antique and classic cars. Stereo-Glaze #1 contains natural carnauba wax.

4225 4225Q

Cut Clear / Smart Cut

Smart Cut is a technologically advanced, aggressive, mating compound for modern finishes. It quickly removes even deep scratches but without hazing. Great for removing wet-sanding marks. Smart Cut always leaves the finish smooth and glossy, ready for the next step.

Directions:

Use a wool pad or cutting type foam pad. Apply to a 2' by 2' area. Keep the buffer speed low, 1500-2000 RPM. Apply light pressure and keep the pad flat. Smart Cut will quickly buff to a bright finish. Keep the wool pad clean with a quality spur.

4225Q 1qt \$18.95

4225 1gal \$43.95

Alpha Grit

ALPHA GRIT is a powerful and fast acting, compounding material. The grit in Alpha Grit quickly removes even deep scratches from the finish. The fine polishing ingredients in Alpha Grit are released when the gritty particles break down and produce an amazingly bright and shiny finish even on dark colours.

DIRECTIONS:

Apply to one section at a time. Use a 100% twisted wool pad. Do not use in direct sunlight or on a hot surface. Work in Alpha Grit using an even pressure at a buffer speed of 1,500 RPM to start if the finishing coat is soft. If the finishing coating is cured or aged, start at a speed of 2,000 RPM. Keep the pad flat on the surface. Continue buffing until the grittiness is gone and the fine polishing begins to occur. Continue to buff lightly as the finish brightens and begins to dry. Do not use the same pad for follow-up polishing.

4246Q 1qt \$21.95

4246 1gal \$52.95

Miami Shine

Description:

Designed to work in Miami heat and Miami humidity. All the benefits of a great carnauba paste wax without the work. Faster on, faster off. No streaks. Looks, feels, lasts like a real paste wax. Works like a quick wax but isn't one.

Key Features:

High carnauba wax content
Refined banana oil and detergent resistant polymers
Miami Shine will withstand many lot washes
New car/used car perfect finish or not
Works on hot surfaces, in the sun, or on a rainy day

For retail detailing and showroom presentation

Directions:

Shake well, separation is normal. After vehicle has been pre-cleaned, use a clean applicator or orbital polisher, and apply evenly. For best possible results, we recommend using an ARDEX Claymore before applying Miami Shine. Apply 1/2 of the vehicle. Must use a clean micro fibre towel to remove after hazing has occurred.

4265Q 1qt \$18.95

4265 1gal \$42.95

4212 4212Q

Seal-B Polish

4212 seal B

Seal-B machine brightener for black cars is also a swirl mark remover. It is made with the finest polishing ingredients and special polymers to completely seal the surface to produce an exceptional shine with great depth of gloss. Seal-B is designed to be used with a high speed buffer and will stay wet under the buffer head just as long as you like. The longer you buff, the deeper the shine. Unlike most machine brighteners which dry after a few passes, Seal-B does not dry. When you are satisfied with the degree of shine you want, stop buffing. Wipe the car down with a dry towel. Apply a light coat of Ardex Flint Glaze paste wax. Using a clean polishing pad, buff the wax into the finish for a brilliant wet look effect.

6220Q

Dull-Away

Dull-Away is the fast way to brighten and protect rubber surfaces such as tires, rubber bumpers, door seals and even aircraft deicer boots. It also is excellent for dressing vinyl interiors, vinyl tops, padded dash, simulated leather and genuine leather. Its silicone component will protect the surface from drying and cracking. Just spray or wipe Dull-Away onto the surface being treated and wipe dry. Remove from glass, especially windshields, with glass cleaner to prevent smearing. Rinse floors with soapy water to prevent silicone buildup which can be slippery and cause injury. **DO NOT USE IN BODY SHOPS.** We recommend Ardex 6212 Super-Natural Dressing for use in body shops. Dull-Away produces a rich new look when applies which lasts for months. It can also be used under the hood to brighten the entire engine compartment, especially the rubber hoses. If you intend to paint anything under the hood, do so before applying Dull-Away.

Speedy Brightener II

Speedy Brightener is the fast way to brighten rubber surfaces such as tires, rubber bumpers, door seals, and even aircraft deicer boots. It is also excellent for vinyl interiors, padded dash, simulated leather and real leather. Its silicone component will protect the surface from drying and cracking. Speedy is fast because, on most surfaces, no rubbing is required. Just spray it on, let it dry. Drips and runs disappear as solvent dries. Remove from glass, especially windshields, with glass cleaner to prevent smearing. Rinse floors with soapy water to remove buildup of silicone which can be slippery and cause injury. **DO NOT USE IN BODY SHOPS.** We recommend 6212 Super Natural dressing for use in body shops. Speedy produces a rich new look when applied, which will last for months. It can also be used under the hood to brighten the entire engine compartment, especially the rubber hoses. If you intend to paint anything under the hood, do so before applying Speedy, then leave hood open until the solvent has dried. **DO NOT** spray Speedy on a hot motor. Wipe dry after applying to tires of cars with light coloured, plastic lower fender panels.
